

Hi All

Dave Aitkens looks after SurfSki at DUC. Dave has put together a DUC SurfSki subcommittee to help him manage the move to the new club including new racks at the new club and management of skis in that process.

There are over 500 DUC members registered as paddlers which is well over the 256 user limit of Whatsapp so we've created a Telegram group for this purpose.

Telegram has the added advantage of larger groups, not revealing phone numbers, and having a persistent chat, i.e. past messages are available for viewing. If you are a DUC member and a paddler or more importantly have a surfski rack, please use the link below to join the Telegram group to keep up to date on rack changes and other surfski related notices.

Although this group is intended for DUC surfski members, if you're thinking of joining or have an interest in the DUC move as a fellow paddler, feel free to join.

If you don't have Telegram installed, be sure to open the link from your phone, you'll be prompted to install the app from the relevant app store. Once installed, come back to this message and click on the link again.

Please note that due to the number of users the Telegram group has been muted for admin comments only as all coms will be related to the move to the new club as well as any other surfski related info.

If you have any problems, please feel free to reach out to me for assistance.
