GOOD TIMES

Durban Ski Boat Club

Spring may have sprung, but our windy, wet weather is set to persist for a while longer. Once again, not much fishing was done over the last week, but those few who did manage to get a little time on the water during the small weather windows have reported that most of the usual suspects, including Bek, Daga, and reef species, are still around in decent numbers.

The date for this year's **Ladies' and Juniors' Competition** has been set for the **27th of September**. Details will be coming soon, but be sure to save the date in the meantime. This is one of our best-loved events of the year and is always loads of fun, with some great prizes up for grabs.

Durban Undersea Club

FREEDIVING

The windy season has certainly been keeping our freedivers on their toes, with two weekends blown out by strong NE winds and another weekend of challenging conditions ahead. We've made the most of the gaps in the weather when we can, and those lucky enough to get in the water have been treated to the unmistakable, powerful songs of the humpback whales as they begin their journey back south. A reminder that bookings are open for the December **DUC Freedivers Trip to Sodwana Bay**. Spaces are limited, so book early to avoid missing out. Courses are currently on hold until the windy season settles, but there is limited availability for November and December. If learning to freedive is on your list for this summer, contact **Angie** on 082 874 1706 to find out about upcoming dates.

ENVIRONMENTAL

Our next **Beach & Reef Clean Up** is happening on Saturday, **26 September**. This month's Critter & Litter theme will take us into the fascinating world of the compact sea spider and we'll also be chatting about "slow fashion" and its connection to our environment. Meet outside the Bar II area. Bring your own snorkel gear, although limited equipment will be available to borrow if needed. It's a great way to spend a Saturday morning, get into the water and do something positive for our coastline. Contact **Billi-Jean** 082 759 7596 for more information.

OPEN WATER SWIMMING

Well done to all the swimmers who took part in the Monthly League Swim, which was moved to Sunday due to the weather. A total of 119 swimmers completed the course, with **Helen Taylor**, **Glen Gore** and **Riley Naidoo** taking the top three positions in the Long Course, and **Hayden Irving**, **Damien Frew** and **Alex Truter** claiming the top three spots in the Short Course. Well done to everyone who got out there and made the most of the conditions. The next League Swim takes place on **26 September**, with Sunday, 27 September as the weather backup day. Keep an eye out for entries opening and get ready for another morning in the ocean.

SCUBA

The scuba divers have been battling the same windy conditions as the freedivers, with weekend launches unfortunately cancelled by the NE winds. For now, we'll sit tight and make the most of any weather windows that open up. There has been some exciting work happening behind the scenes, however, with recent changes and upgrades to the dive compressor room. A big thank you to everyone involved in improving the Club's dive facilities, particularly **Sarah**, who has been leading the project. And finally, a last call for the **DUC Scuba Trip to Ponta**. Spaces are limited, so if you've been thinking about joining the trip, now is the time to get your booking in. Contact **Bryan** on 082 809 9188 for bookings and more information.
